

# Implementation Services

Extend your team's capabilities to build custom location solutions

Get the expertise and guidance you need to ensure your custom solution is developed, integrated and deployed to market—on time, on budget and with the highest quality standards. Benefit from our Professional Services team’s years of experience and deep understanding of custom software development and deployment across industries.

## What our customers achieve with Implementation Services

**British multinational grocery retailer built a custom routing solution to guide 2,000+ trucks from depots to stores using risk-aware routing. The solution reduced delays, saved fuel, and helped avoid fines.**

- 3.5% reduction in average kilometers driven
- 10% fewer delays thanks to more precise routing

**A leading waste management company launched a driver navigation solution using custom attributes and routing. The result: fewer bridge strikes and higher satisfaction for both drivers and customers.**

- 60% of previous bridge strikes avoided with a PS-enabled HNAV solution

**“We chose HERE because of the quality of its location data and services and the ease of integration into our embedded and cloud-based systems.”**

- 5% reduction in CO<sub>2</sub> emissions achieved through Predictive Powertrain Control

### **Navigation**

Get a complete navigation solution for embedded IVI platforms or mobile devices. Customize UX and map design, get data and services from HERE and third-party providers, all with live updates and global coverage.

### **Custom implementation**

For more unique custom location solutions, our HERE consultants can develop and implement a tailored statement of work to get you to your business outcomes as fast as possible.

### **Intelligent Speed Assistance (ISA)**

Seamlessly integrate ISA according to the EU General Safety Regulation 2 (GSR2) or beyond. Ensure compliance and a high-quality user experience with cost-effective, end-to-end implementation led by HERE experts.

### **Mobile app development**

Get an end-to-end custom app development service that simplifies creation, provides a customizable user experience, and delivers a scalable and secure mobile solution built off HERE's SDK framework.

### **Custom location services**

Get customized, safe and accurate routing and search solutions designed specifically for your business needs. Integrate your proprietary data with HERE's industry-leading APIs or manage it securely on-premises.

All Implementation services can include discovery, design, implementation, deployment, operations and maintenance-based on a custom scope of work tailored to your needs.

# Benefits

- Deliver cost-effective, optimized solutions while reducing vendor complexity.
- Deploy complex business solutions with flexibility regardless of your team's capacity.
- Overcome technology limitations with strategic, expert-led services.
- Deliver at the highest standards by partnering with location technology experts.

## Expert guidance at every step
