

Managed Services

Leave operations to us and focus on your core business

Outsource the management of your location technology to HERE's experienced professionals so your teams can focus on what matters most—your core business and competitive edge. Reduce cost, improve budget predictability, and enhance the reliability, security and scalability of your location solutions.

Maintain compliance and stay ahead of the latest technological advancements—without the need to hire, train and retain specialized IT staff.

Managed on-prem location service

Get HERE's Location Services installed on a secure private instance—hosted in your cloud, the HERE cloud, or a cloud provider of your choice. Maintain full control over data privacy, monetization, storage, transmission, usage, performance and security.

Custom managed services

Get expert oversight, maintenance, and optimization for your location-based technology implementation. We tailor the level of support to match your specific operational and business needs.

Common challenges we help solve

- Distractions caused by ongoing maintenance of location applications and services.
- Managing a constantly growing and evolving IT infrastructure.
- Dealing with off-the-shelf solutions that do not always meet security and privacy requirements.

What our customers achieve with Managed Services

A leading insurance provider migrated geocoding services to a secure private cloud managed by HERE, enabling compliance with strict industry security requirements while reducing total cost of ownership.

- 4 weeks reduction in timeline
- Lower cost of ownership

Benefits

- Optimize location technology without unnecessary infrastructure investments.
- Use proven infrastructure while saving operational cost and time.
- Stay compliant without long learning curves.
- Access enterprise-grade mapping technology and location data at scale.
